

Imran Hasan

Senior Developer

Experienced ERP developer with a successful track record in designing, developing, and implementing ERP systems across all lifecycle stages, from requirements gathering to deployment and ongoing support. Demonstrated expertise in collaborating with cross-functional teams to ensure the timely delivery of projects.

Experience

Solution Partners Limited - 01/02/2025 to Current

Senior Developer

- Configured NetSuite modules (CRM, Manufacturing, WMS, Financial) to meet operational and reporting needs while also working on custom CRM software based on client requirements.
- Gathered customer requirements, analyzed business needs, and translated them into effective ERP and CRM solutions.
- Led end-to-end data migration from legacy systems, ensuring accurate transformation, validation, and smooth system readiness.
- Conducted system testing, troubleshooting, and gap analysis, and delivered product demos to stakeholders for clarity and alignment.

Tangram Tech Solutions Ltd – 01/03/2022 to 31/01/2025

Senior Developer

- Integrated ERP systems with external business applications, developing end-to-end processes across P2P, O2C, R2C, R2D, R2R, and COA.
- Executed full-cycle data migration from legacy systems to NetSuite, ensuring accuracy and continuity.
- Conducted system testing, resolved issues, and performed detailed gap analyses to match packaged functionality with business needs.
- Customized NetSuite environments and developed proof of concept solutions for stakeholder and executive review.
- Delivered functional training sessions to enhance user adoption and system utilization.
- Collaborated with cross-functional and technical teams to design and implement tailored NetSuite solutions while optimizing overall system performance.
